

“The total liberation and unification of Africa under an All-African Socialist government must be the primary objective of all Black revolutionaries throughout the world. It is an objective which, when achieved, will bring about the fulfillment of the aspirations of Africans and People of African descent everywhere. It will at the same time advance the triumph of the international socialist revolution.” --Kwame Nkrumah

The AAPRP condemns the israeli attack on the humanitarian volunteers of the Freedom Flotilla

“Injustice anywhere is a threat to justice everywhere!” Martin Luther King Jr.

June 6th, 2010

The AAPRP offers this statement of condolence to all our comrades on the Freedom Flotilla who died and those who were attacked, injured and imprisoned May 31, 2010. We vehemently condemn the actions of the illegal state of Israel in their unjustified attack on those volunteers and humanitarian workers of the Freedom Flotilla who merely chose to set the example for the rest of the world that Palestinian people deserve our unwavering support and solidarity. This support and solidarity for the Palestinian masses should be replicated by all humanitarians around the world!

The AAPRP calls upon, not only African revolutionary organizations and nations, but all progressive and revolutionary organizations and nations of the world to join us as we openly express our condemnation and outrage at this most cowardly and vicious terrorist attack carried out in international waters by the zionist settler-colonial state of israel.

People throughout the world realize that the embargo imposed by zionist israel on Palestine is unjust, illegal and inhumane and has achieved nothing of benefit towards peace.

The world recognizes that by every action israel has taken, it has held Palestine in bondage. Instead, Palestine has been squeezed of all land and human resources for the economic and political benefit and interest of zionist Israel alone.

Israel is a terrorist state which has systematically committed crimes against humanity and should be held accountable by the world court. U.S. and Israel military and political ties must be fully exposed and condemned by the world!

The latest example of Zionist Israeli terrorism is their storming of ships full of relief aid headed for occupied Palestine and the killing of 9 or more unarmed peace activists and wounding of at least 80 or more, further proof that the Zionist and imperialist military regime functions as an illegal and immoral entity and all those nations who support Zionist Israel are equally as guilty. Zionism must be destroyed!

The recent confirmation of Israeli collaboration with the apartheid regime in South Africa in supplying nuclear aid shows that African people and other indigenous nations are all a part of the same fight against Zionism, racism, capitalism and imperialism.

We state emphatically our continued commitment to fight against Zionism and our unwavering solidarity with the Palestinian People.

The AAPRP calls on the Pan-African and international community to condemn this massacre which is in violation of the most elementary principles of international law and the UN Charter, and to mobilize to demand an immediate end to these attacks on the Palestinian civilian population.

- We demand that Israel follow U.N. resolutions and end its illegal embargo against Palestine.
- We demand that Israel stop all military advances into Gaza, the West Bank and the taking of Palestinian land.
- We demand that all just loving nations and peoples enact an economic embargo against Israel until the violence against the Palestinian peoples has ended and peace is restored.
- We demand all nations stop the supply of military weaponry to Israel in support of this embargo.
- We demand that charges be filed in the U.N. and World Court against Israel and all other complicit nations or entities and action taken to end Israel's siege against Palestine once and for all! If Israel can act with such impunity against the just and defenseless, the world must show Israel that terrorism against defenseless peoples and nations will no longer be tolerated and through our global united efforts, justice must prevail!
- We demand the Coordination of efforts by the just-loving peoples and nations of the world to rebuild Palestine by any means necessary. The rebuilding efforts must be conceived and directed ONLY by the Palestinian people and their legitimate representatives. All outside forces in support must follow their lead.

It is time to stand up! The courageous activists of the Freedom Flotilla have set the example. It is time for mass action and we must let the world know, by both our words and actions that only global people power will create the peace and justice we deserve, by any means necessary.

The AAPRP reaffirms its longstanding solidarity with and support of the heroic Palestinian people and their struggle for true independence and self-determination.

Free Palestine Now!
